

Automated 24/7 Reservationless Conferencing

Every ConferenceUP product and service is available 24 hours a day, 365 days a year.

Automated 24/7 Reservationless Conferencing simplifies your communications by giving you the convenience of an automated call without having to make a reservation. A simple, one-time activation is all it takes to set-up your virtual meeting room for availability 24 hours a day, 7 days a week, whenever you need to conduct your meetings.

Using a toll or toll-free number, you can instantly conduct automated conferences with your geographically dispersed team, customers, or anyone else you designate who has access to a phone. And, you never have to worry about canceling a reservation if your meeting plans change. Your virtual meeting room is always available.

We offer a comprehensive suite of features to enhance your 24/7 Reservationless conferencing experience. In addition to dial-in options to access your conference, you can use your telephone key-pad to easily **Dial-out** to participants and instantly connect them in to the conference. You can easily **Record** your conference on-demand to extend the life of your call.

With **Cost Tracker**,SM you can better track the work you do on behalf of your clients. Simply enter the appropriate client code at the beginning of the call, and it will be recognized on your invoice as a subtotal for that client.

The **Participant Announcement** feature gives you options that are usually only associated with operator-assisted calls but are now available as an automated service. With Participant Announcement, each participant's name is recorded and played as they enter and leave the call.

Any time, anywhere. Reservationless conference calls in an instant.

Automated Audio Conferencing

Productivity Improvement Benefits Include:

Easy Set-up	One-time account activation for unlimited conferencing.
Multiple Access Options	Dial-In Toll-Free, Local (Toll) access, Dial-Out.
Uninterrupted Conferences	Moderators are given the ability to place all participants in a Listen-only mode to allow for uninterrupted presentations.
Attendee Roll Call	If selected at account set-up, the moderator can receive a private roll call of all participants or can play the roll call for all conferees to hear.
Flexibility	Reservationless access to conferencing 24 hours a day, 365 days a year with unlimited call duration.
Speed	Conduct a conference as quickly as you can dial a phone.
Reliability	Our strong technology backbone ensures “Five 9s” of reliability.
Billing Efficiency	You can review billing statements online.
Personalization	Optional personalized wallet cards with dedicated dial-in numbers and passcodes.
Cost-effectiveness	Pay only for the time used.
Security	Passcode protection ensures no one enters accidentally, and with Secure Call , hosts can restrict participant entry at any time.
